Hi Michelle,

West Indy Cooperative is requesting you renew their bread bid for the 2016-2017 school year. If you renew the bid-this will be year three (3) for the contract.

USDA has put forth new procurement regulations for school meal programs.

Due to the new regulations the terms and conditions of our bid had to change to meet the requirement.

Attached you will find the new terms and conditions and forms that need to be signed. Once on file, they won't need to be renewed until we go back out to bid.

Please let me know if you have questions on these.

We appreciate Aunt Millie's commitment to the students of the West Indy Cooperative.
